Good morning every One,

That's six million dollars that Jove Ponniah is liable to Me for now (on behalf of the Crown for Breach of Trust, Breach of Contract).

I'll prepare a bill sometime over the weekend, apparently You're in no rush so I presume You have deep pockets and the interest is not an Issue for You. I don't really care about money to be honest with You, but I do care a great deal about Honouring My moral and Spiritual obligate Sean's to My father in Heaven, and You don't seem to have any regard for the things I care about whatsoever.

However, judging by Your designer costumes, You do care about money, so I'm hitting You where it hurts because You appear to be sadists who enjoy causing Me harm. I'll be happy to bill You for wasting My time.

The only reason I can think of for any One to withhold inform a Sean from Me after all this time and all the harm You've already done by Way of Your negligence, is if the disclosure of what I am as King of You for is even more damning still. You are now holding inform a Sean from Me necessary for litigation which is also a criminal offence under Canada's Criminal Code.

You are running up quite a charge list, I'll try to have a Bill prepared for Francesca the Fraudster Nosotti by early Monday.

[Enjoy the latest Show](#), We have Sheena Sodhi standing in the Wings for tomorrow! Make sure she receives this Notice and Wishes to collude with You before 5:00 PM February 9th, 2024.

May God find You swiftly,
 King Sean, House von Dehn,
 Hand of Stephen,
 The Kingdom of Heaven Found a Sean

Hello King Sean,

Not entirely sure what my liability is as both documents were provided to you. The first from my email and the second from the general Toronto email. It is possible it could be in your junk/spam. Aside from that, I have no outstanding requests from you. Please advise if you have not received them and we can organize for them to be resent to you or mailed.

Thank you,

Jove Ponniah

Good morning,

I require the FULL Claim as it was filed with the Court (Full Court of Record) and service on the parties to each of the claims.

I don't believe I've received any emails since I was as King for this, so if You did send the information previously, then attach the emails and prove it. I included a quote from the last email I received from You in My last email to You.

If You didn't send it, I require ALL CLAIMS AGAINST THE ESTATE/PERSON JOACHIM HEINRICH 'VONDEHN', and service of those documents on the parties who received them.

I am tired of the run around, I was as King for this information back in September, and I should be able to request this information from any clerk of this Court and receive the information within hours, not days.

I've sent the full CV number for each claim numerous times, so this time I'm as King of YOU to look them up and Give Me a copy of all claims against My father's Estate for which I SHOULD have received service of documents back in 2020.

If You are NOT liable to Me, and You are the supervisor of this Court, then who IS responsible for not providing Me with service of this Claim when it was filed with the Court? Why did I not receive notice of the discontinuance?

I have NOT received any service of these documents when they were due to be served. Allegedly, if Your clerks are holding lawyers to the Rules of Civil Procedure, they are required to SERVE claims on parties and nothing was served upon Me. I'm the next of kin and primary Beneficiary, so how did service on Me get missed if Your court is not engaged in fraud?

Who were these claims served upon and why was I denied My right of service?

I look forward to hearing from You and please do forward the information You allegedly sent Me already. I require the FULL Claim for each file.

I've also told You that the Bracebridge Courthouse told Me directly that they were keeping the Estate private and do not return emails or phone calls when as King where they obtained the right to keep the estate private from Me. They hung

up and haven't returned an email or phonecall since and I can't complaint to another supervisor of another superior court to find out why they are colluding and conspiring against Me?

Congruent when conspiring against Me, but not congruent when it comes to updating the Registry and providing service of documents on parties to Actions filed with Your court? If You are not responsible for the negligence of Your staff, who is?

Thank You,

Dear Jove,

Since You're as King about liability (lie-ability), Your liable because I'm over three years late receiving service of these Claims and I'm the only One legally and lawfully entitled to receive service on behalf of My father, so who is responsible for Your Court's violation of the Rules of Civil Procedure and My right to be informed of all Matters concerning My interests if not You?

You are responsible for the conduct of Your staff, no?

For that Matter, if You DO NOT Wish to be liable for the full conspiracy of the Ottawa, Bracebridge and Toronto Courthouses against Me, then You Will provide Me with the name of the supervisor in Your position with each the Bracebridge and Ottawa Courthouse so I can hold them accountable in their personal, private capacity for the negligence of their staff.

If You don't Wish to hold criminals war King for the Superior Courts of Ontario who are interfering with justice and aiding and abetting trespasses on rights these Courts are to guarantee the protection of, then why should You not be liable for all the negligence of the Crown in relation to this Matter?

If You can't fix it and hold staff accountable for their trespasses, and Arif Virani doesn't Wish to arrest criminals war King for the Court, then who is responsible?

I look forward to hearing from You,

King Sean, House von Dehn
