Good late Sunday morning!

Finally, I have [the official reply to Your inappropriate Letter of Demand](#).

I'm still waiting for a copy of the service of documents on the parties to the Claim - that's service of the Claim and service of the discontinuance.

You are required to serve all parties with an interest in the outcome of the proceedings by the Rules of Civil Procedure - obviously I was missed. I need to know who else was entitled to service of documents that did not receive them.

Thank You, have a fabulous Sunday,

Good morning!

Just a Friendly reminder - You're LATE!!!

You owe Me service of the Claim and service of the Discontinuance on the parties to the Claim and that was due on or BEFORE 9:00 this morning.

I presume the ONLY reason a professional law firm would fail to provide Me with documents they are legally and lawfully required to provide Me with upon request, is because:

1. You don't have them (violation of the Rules of Civil Procedure, trespass upon My father's right to legal representation)
2. You served them on Tanja Johnson and withdrew the Claim when her application for a CAET was DENIED for failing to obtain My consent (see attached)
3. You are engaged in fraud with intent to deprive Me and My father of Our right to be informed of all Matters concerning Our interests.

I need to know who the Claim was served upon, I require a copy of the full Claim, and I require to know why You chose to discontinue the claim. Were the injured parties made whole, or was the entire claim a lie? If the Claim was a lie, Me and My father are entitled to compensation for defamation and Your false allegations which have caused Me serious undue psychological and emotional harm.

Your clients are liable to Me in the amount of \$2 million, and You are liable to Me for lying to Me about this Claim and serving it upon some One who was not legally or lawfully authorized to receive documents on behalf of My father. You can contact Tanja Johnson and the rest of the criminal cabal served with Notice of Default to calculate the full Value You are liable to Me for. I can be as King for any of the tortfeasors for compensate Sean because You are all jointly and severally liable.

Prove to Me You are not just a criminal cabal depriving People of their right to Canada's justice system and denying Your clients their right to compensation by letting Me know how they were made whole and why decided to discontinue the claims - conveniently on the exact same day My sister's application was DENIED for failing to obtain My consent.

I don't believe in coincidences.

If I don't hear from You before 5:00 Post Midi this afternoon, I Will presume You plead 'no contest' to all charges against You.

I look so very forward to hearing from You,

Any agent of this firm, whether Acting as process server for service of documents, or as any other agent for Your corporation, Will be presumed to be aiding and abetting the fraud. As far as the law is concerned, the actions of Your principal lawyer speak for Your entire firm, which makes Your entire firm complicit conspirators to the fraud. Every agent of Your office may be charged with collusion.

You are hereby Given Notice of these facts,

This Post, Your reply to it, and My opinion in relate Sean to it, Will be published to the Court of Record at www.thekingdomofheavenfoundasean.club.

I Will be providing a new mug shot of agents from Your office to advise the public of the criminals war King for Your organization every day I do not have the documents I am as King of You for, and for which You have a legal and lawful obligation to provide, and would be forthcoming with if You were not engaged in fraud.

Otherwise, have a most Magical Monday mourning,
